

Declaration on authenticity

Applicants are required by their own declaration to guarantee regarding the veracity of the submitted materials and ensure that the same do not infringe on the rights of third parties:

- a. Written material has to be written authentically by the author/student. Cheating is not allowed. Each and every phrase of a written material has to be originally formulated by the author and must not be copied, neither integrally nor structurally (substitution of words with synonyms; addition or deletion of words, half phrases or expressions in a copied phrase) from whatever published or unpublished source, in internet or elsewhere.
- b. Each and every reproduction of expressions, phrases or text passages in a written assignment has to be highlighted as a quotation with respective reference, according to standards of academic writing methodology.

Attention! Indicating a reference is not sufficient in order to justify the reproduction of text passages. Each and every reproduction not highlighted as a quotation, even with source reference, will be considered as plagiarism.

I have taken notice of the above-mentioned instructions and will respect them meticulously in order to meet the criteria of the Jean Monnet Centre of Excellence on EU Inclusive Open Strategic Autonomy (EU-IOSAC).
